

PPI's Grain Herringbone Wing[®] combines improved wear, quieter operation and gentle grain handling compared to standard wing pulleys.

FEATURES AND BENEFITS

- Bolt on flappers with rubber extensions, gently scoop up grain and circulate it back onto the belt
- Angled wings direct grain to the outside edges of the pulley more efficiently
- Increased number of wings gives more support to thin grain belting
- 3/8" wings standard
- 1" AR contact bar extends wear life

Note: Install with herringbone pointed in the direction of belt travel.
