

## **FOR IMMEDIATE RELEASE**

### **PPI is a Proud Supporter of Pella's Recreation Center**

Precision Pulley & Idler (PPI) is proud to be one of the many supporters of the Pella Recreation Center. PPI has pledged funds for the building of the Rec Center which will benefit our employees and those in our community.

The indoor Recreation Center will provide a space for the community to utilize year-round. The project includes multiple gym courts, a competitive swimming pool, recreation swimming with a splash pad and waterslide, an indoor track, workout studios, childcare facilities, and more. The facility will be located on current city owned land on the Sports Park site.

The Rec Center will be a place where individuals and families can lead a healthy lifestyle and take advantage of all of the facilities and services that will be available. It will also offer an opportunity to interact, collaborate, and develop a sense of community. As the Pella area and businesses continue to grow this facility will provide a much-needed space that promotes a wellness culture, inclusivity, and overall will bring the community together. The Rec Center will be an added benefit for those who are looking to make the move to Pella.

PPI's CEO, Matt Buckingham, adds, "As a 100% employee-owned company, we are proud to support the communities in which our employees work and live. The Pella Rec Center will not only be a great amenity for our citizens, but will bring additional visitors to Pella and provide more support to our local businesses."

PPI looks forward to welcoming this new addition and what it will bring to our employees and community in the future!

### **ABOUT PPI**
